

**Mercury River  
(for Hendri)**

V:

Walking down the mercury river, looking for a place to lie  
Staring at the smiling summer sun, not really scared that I'd go blind

But I close my eyes...

V:

Lying next to mercury waters, thinking of how I will die  
Maybe I'll drown in this dear river, or in a plane that cease to fly

C:

But I close my eyes,  
As fast as white lightning, this river will take me,  
To the mercury waterfall

Mercury Waterfall Here I come, x3 please...

V:

Sometimes I will watch the river play, sparkling white its little smiles  
I'll find myself go to another place, a prayer that brings me closer to God.

C:

V:

Someday I will share this fantasy, with someone who will understand  
I can imagine the movie closing shot, 2 dreamers walking hand in hand.
